Art Work Proposal
FINAL CITY-RISE

Design Statement for COLLIER CITY RISE

Love recognizes no barriers. It jumps hurdles, leaps fences, penetrates walls to arrive at its destination full of hope.

Maya Angelou

Collier City Rise is an art project designed to represent the culmination of community engaged art based events, workshops and meetings, specifically within Collier City which served to assist in facilitating the creative process for a public art work that reflects the vibrancy of the Collier City community.

Through numerous meetings, social engagements and relationship building with the community, I have imagined a concept which places the people of Collier City at the focal point of the design. The power and dynamics of Collier City stem from the citizens who call Collier City home. From the outset of the Residency, the citizens have fully embraced the power of art, unlocking their abilities to exercise creative license to build bridges of cultural hybridity, discourse, consensus and celebration of a bright and promising future.

CITY-RISE

City-Rise is mural space located in the reading section at the Jan Moran Collier City Library. The mural was influenced by the community and designed to be a beacon of hope and inspiration for the Collier City community and beyond. The design framework of this installation revolves around a theme of community PRIDE and revitalization intended to celebrate and capture the rich culture, legacy and vibrancy of Collier City. City-Rise seeks to articulate the past, present and unlimited future possibilities of the community's dreams and renewed sense of place.

The mural embraces a visual composition covering a recessed and curved wall space inserted above a cushioned bench sectional. The mural progresses to the ceiling directly above featuring LED accent lighting, also offering a corresponding tailor made wool rug, mirroring the geometric pattern from the mural above. The curved cushioned will be reupholstered with community inspired art and fabric contributions

Dimensions:

Recessed curved mural 9' Tall X 8' Wide

Ceiling mural 7' diameter

Floor based wool mural 7' diameter

12, 24" x 24" window film coverings

Materials:

Custom curved upholstered cushion \$850
