Subject: Southwest Fire Station - Plat Note
Attachments: PlatNoteAmendmen Printed.pdf

Maggie,

The Pompano Beach City Commission approved a resolution authorizing the release of the no objection letter for the southwest fire station (Tract A-3 of Palm Aire Cypress Course Estates 4th Section Plat) on October 24, 2017.

The Broward County Board of County Commissions approved the plat note amendment for the southwest fire station on April 10, 2018.

To complete the amendment process for the plat note to allow the fire station, the property owner (City of Pompano Beach) must sign the attached agreement. Unfortunately, the resolution releasing the letter of no objection did not include a clause authorizing the City to sign this agreement.

Can you please place an agenda item request into the appropriate department(s) to obtain the correct signatures for the attached document?

If you have any questions or require any additional information, please contact me.
