

MEMORANDUM

November 19, 2019

TO: Mark Berman, City Attorney
CC: Jill R. Mesojedec, FRP, Florida Registered Paralegal
FROM: Horacio Danovich, CIP and Innovation District Director

Please prepare a Resolution to amend the City's Capital Improvements Program (CIP). Staff's intent is to add a new project to be called "FPL Light Fixtures Conversion Project."

This project is recommended for adoption to facilitate the replacement of existing sodium halide fixtures with more modern LED ones. Staff has identified areas including, but not limited to, Cresthaven and the Highlands as immediate targets.

The project will set aside \$2,000,000.00 in GO Bond funds that will help offset FPL costs to lay cable and jack and bore the lines underground. Funds are also being set aside to conduct repairs and to beautify the area with new landscape, subject to identifying locations that do not conflict with utilities.

Staff would like to have an agenda item ready for the December 10 City Commission meeting.
