MEMORANDUM #20-09

DATE: January 7, 2020

TO: Jill Press, Acting General Services Director

FROM: Steve Almyda, Wastewater Collection Supervisor *SA*

VIA: A. Randolph Brown, Utilities Director *ARB*
Benjamin R. Bray, Utilities Field Superintendent *BRB*

SUBJECT: Bid T-01-20, Cured-In-Place Rehabilitation

Approval Request:

Commission approval for Bid T-01-20, Cured-In-Place Rehabilitation, Annual Contract to the lowest bidder, Insituform Technologies, LLC

Explanation:

The City's need for cured-in-place pipe (CIPP) rehabilitation services continues to exist on deteriorated gravity system throughout the City of Pompano Beach.

A cured-in-place pipe (CIPP) is a trenchless rehabilitation method used to repair existing pipelines. This trenchless technology restores structural integrity, reduce infiltration, eliminate leaking joints, improve water quality and increase pipeline flow capacity.

Recommendation:

Based on the submitted information and the Utilities Department procedures for evaluating new items process. The City of Pompano Beach Utilities Field Operation recommendation is to award Bid T-01-20, Cured-In-Place Rehabilitation to Insituform Technologies, LLC. Procurement of this service shall be through the following budgeted account 420-7248-535-6512. The relining will be funded through our annual relining project that is budgeted in FY 2020 for \$700,000
