To Pompano Beach Officials
Zoning Board of Appeals

Please see another picture attached of which I am once again disputing claims made by Mr Galuppi in a May 12th narrative sent to ZBA, which he makes claims as to making his proposed enclosure appealing and beautiful for the patrons, and residents, in so many words, not verbatim.

Ask Mr Galuppi, why then is his enclosure he was allowed to put around his dumpster, has deteriorated into a disgusting eyesore, which everyone in our building on the 2nd floor has to see anytime the blinds are open. It is dirty, filthy, grimy, etc, so is this the Galuppi definition of "beautiful"? If he were ever allowed to continue stretching his little empire and encroaching on more space, this picture will show you in real time what his project will more likely look like.

Some cleaner and fresh paint seems to be too hard for Galuppi to make it look better, *its just easier for him to let it look like the slums, so we have to suffer and see it every day*

I want this email and its attachment added to the LN-139 file as evidence and correspondence, as is my right as a resident of Pompano Beach.
