

To whom it may concern:

Walter Crowell has been a great addition to the neighborhood. Everyone loves Walter! He has really improved his home in a short period of time. He has replaced the roof, stored, gutters, doors and repainted the entire house as well as updating his dock and boat lift. I'm sure what ever Walter request or does to the house it will be a wonderful improvement so he and his family can live a happy healthy life here in Pompano Beach. I feel fortunate to have a neighbor like Walter.

Sincerely,

Gene Donnelly
