INDEPENDENT AUDITORS' REPORT

To the Board of Directors and CRA Director
Pompano Beach Community Redevelopment Agency
Pompano Beach, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Pompano Beach Community Redevelopment Agency (the "Agency"), a component unit of the City of Pompano Beach, Florida, as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Agency, as of September 30, 2020, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 10, and the budgetary comparison schedules for the Northwest Community Redevelopment District Fund and East Community Redevelopment District Fund on pages 34 through 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2021 on our consideration of the Agency's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting.

Management Discussion and Analysis for the Fiscal Year Ended September 30, 2020
(Unaudited)

The Pompano Beach Community Redevelopment Agency (the "Agency") offers readers of its financial statements this narrative overview and analysis of the financial activities of the Agency for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report follows a format consisting of three parts – Management's Discussion and Analysis (this section), the Basic Financial Statements and Required Supplementary Information. The basic financial statements include two kinds of statements that present different views of the Agency.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Agency's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Agency, reporting the Agency's financial position and activity with a short-term focus and in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another.

FIGURE 1

FINANCIAL HIGHLIGHTS

The assets of the Agency exceeded its liabilities at the close of the fiscal year by \$54.8 million. The Agency's total net position increased by \$9.3 million. The increase noted was primarily due to the timing

(Unaudited)

of capital outlays for the Innovation District project, Downtown Pompano Infrastructure & Streetscapes project, debt service for a tax increment bank loan and land acquisition that were budgeted but not expended as of September 30, 2020.

At the close of the current fiscal year, the Agency's governmental funds reported combined ending fund balances of \$63.6 million, representing an increase of \$8.6 million from the previous fiscal year. The increase is primarily due to the timing of capital outlays for various projects and land acquisition.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to private-sector business.

The statement of net position presents information on all of the Agency's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating. The statement of activities presents information showing how the Agency's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both government-wide financial statements present functions of the Agency that are principally supported by taxes, intergovernmental revenues and various user fees and charges (governmental activities). The primary governmental activity of the Agency is economic environment.

The government-wide financial statements include only the financial activities of the Agency. However the Agency is considered a component unit of the City of Pompano Beach, Florida (the "City"), and as such, the financial activities of the Agency are included in the City's Comprehensive Annual Financial Report in each fiscal year.

FUND FINANCIAL STATEMENTS

The governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. Reconciliations of the Governmental Fund Financial Statements to the Government-wide Financial Statements are provided within the Basic Financial Statements to explain the differences between the governmental fund financial statements and the government-wide financial statements.

Total net position	<u>\$ 54,780,770</u>	<u>\$ 45,503,111</u>

At September 30, 2020 and 2019, the Agency is able to report positive balances in each category of net position.

Governmental Activities – There was a increase of \$8.0 million in current and other assets for governmental activities. The increase is due to an increase in cash and cash equivalents/investments primarily due to the timing of capital outlays for the Innovation District project, Downtown Pompano Infrastructure & Streetscapes project, debt service for a tax increment bank loan and land acquisition that were budgeted but not expended as of September 30, 2020. The remaining increase is due an increase in assets held for resale and redevelopment due to the purchase of properties located at 110 S Federal Highway and SE 22nd Ave.

The decrease of \$1.2 million in long-term liabilities is primarily the result of the satisfaction of annual debt service related to the Agency's East District Bonds and annual debt service related to the advance from the City for the development of the 30 acre Commerce Park at the northeast quadrant of Atlantic Boulevard and Interstate 95.

Net position - ending	<u>\$ 54,780,770</u>	<u>\$ 45,503,111</u>

Governmental Activities – Governmental activities increased the Agency's net position by \$9.3 million. Tax increment revenue increased by \$1.5 million primarily due to an increase in the property values within the Pompano Beach Community Redevelopment Agency ("CRA") Districts. Tax increment revenues is a function of the increase in the assessed values of properties within the CRA Districts above the base year valuation amounts, as well as the operating millage rate of each taxing district that contributes.

Economic environment expenses decreased by \$3.0 million primarily due to the timing of expenditures for Atlantic Boulevard Bridge enhancements in the prior year.

Transfers decreased by \$3.4 million primarily due to the transfer of ownership of the Historic Ali Cultural Arts Center and the Bailey Contemporary Arts Center from the Northwest CRA to the City in accordance with the interlocal agreement in the prior year.

The Northwest Community Redevelopment Agency Northwest District Fund

The fund balance of the Northwest CRA District Fund increased by \$8.2 million primarily due to the timing of capital outlays for the Innovation District project, Downtown Pompano Infrastructure & Streetscapes project, debt service for a tax increment bank loan and land acquisition that were budgeted but not expended as of September 30, 2020.

The East Community Redevelopment Agency East District Fund

The fund balance of the East CRA District Fund increased by \$0.4 million primarily due to the timing of capital outlays for land acquisition that were budgeted but not expended as of September 30, 2020.

Final budget compared to actual

The Northwest Community Redevelopment Agency East District Fund

Economic environment expenditures were \$1.2 million less than the final budget primarily due to less than anticipated expenditures for various miscellaneous operating expenditures.

Capital outlay expenditures were \$14.3 million lower than the final budget primarily due to the timing of capital outlays for the Innovation District project and the Downtown Pompano Infrastructure & Streetscapes project.

Debt service principal expenditures were \$1.3 million lower than the final budget as the tax increment bank loan was not obtained as of September 30, 2020.

The East Community Redevelopment Agency East District Fund

Economic environment expenditures were \$0.7 million less than the final budget primarily due to the timing of projects that were eligible for the Facade and Business Site Improvement Program.

Capital outlay expenditures were \$4.7 million lower than the final budget primarily due to the timing of capital outlay for land acquisition, Public Parking, Pier Street West and the McNab House projects.

Capital Assets

The Agency's investment in capital assets for its governmental activities as of September 30, 2020, amounts to \$0.4 million, net of accumulated depreciation. This investment in capital assets includes construction in progress, buildings, improvements, and equipment.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET RATES

COVID-19

The COVID-19 pandemic and associated social distancing policies have had wide-ranging economic impacts on the local and national community. Immediate impacts have been felt by our commercial stakeholders through reduced income generation (reduced sales for retail, hospitality, restaurant, etc.) and our citizens through growing unemployment. Local governments are feeling the economic impact through reduced tax revenue (e.g. sales taxes, business taxes, etc.), service revenue (elimination of service fee programs such as park programs due to social distancing requirements), etc. As the Agency is not a traditional taxing authority, the revenue impact of COVID-19 on our operations will lag typical government entities. Our main source of revenue is tax increment which is annually valued by the Broward County Property Appraiser (PAO) as of January 1st.

The Northwest Community Redevelopment Agency Northwest District Fund

Tax increment for fiscal year 2021 is based on preliminary taxable value figures provided by the Broward County Property Appraiser and an estimate of contributing authority millage rates. Taxable value growth for fiscal year 2021 totals 5.4% with the Residential (10% growth) market segment being the primary growth driver.

The Northwest District's adopted budget for fiscal year 2021 is \$26,665,599. The primary source of revenue for the District is derived of tax increment received from the City. For fiscal year 2021 tax increment revenues for the District are as follows:

City of Pompano Beach	\$4,653,166
-----------------------	-------------

As set forth in the Taxing Authorities Interlocal Agreement, fiscal year 2020 was the final year of tax increment from the North Broward Hospital District (NBHD), Children's Services Council (CSC), and

POMPANO BEACH COMMUNITY REDEVELOPMENT AGENCY

(Unaudited)

Broward County. In lieu of tax increment, the County, NBHD, and CSC will contribute to the Agency the following funding allocations for approved projects as set forth in the Interlocal Agreement for fiscal year 2021 are as follows:

Broward County	\$3,850,000
North Broward Hospital District	1,000,000
Children's Services Council	350,000
Total:	<u>\$5,200,000</u>

The East Community Redevelopment Agency East District Fund

Tax increment for fiscal year 2021 is based on preliminary taxable value figures provided by the Broward County Property Appraiser and an estimate of contributing authority millage rates. Taxable value growth for fiscal year 2021 totals 3.1% with the Residential (4% growth) market segment being the primary growth driver.

The East District's adopted budget for fiscal year 2021 is \$8,311,859. The primary source of revenue for the District is derived of tax increment received from the City, County and North Broward Hospital District. The fiscal year 2021 tax increment revenues for the District are as follows:

City of Pompano Beach	\$1,818,168
Broward County	1,714,895
North Broward Hospital District	380,111
Total:	<u>\$3,913,174</u>

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020**

Net change in fund balances - total governmental funds	\$ 8,559,979
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are capitalized and depreciated over their estimated useful lives.	
Less depreciation	(17,320)
Some revenues and expenses reported in the statement of activities are not reported in the funds because they have no effect on current financial resources.	
Change in unavailable revenue	(30,000)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net position.	
Principal payments	<u>765,000</u>
Change in Net Position - Governmental Activities	<u>\$ 9,277,659</u>

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

(I) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the Pompano Beach Community Redevelopment Agency (the "Agency") Significant Accounting Policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies are considered essential and should be read in conjunction with the accompanying financial statements.

(A) The Financial Reporting Entity

The City of Pompano Beach, Florida (the "City") was delegated by the Broward County Board of County Commissioners (the "County"), the authority to exercise the powers of the Community Redevelopment Act by a resolution passed on October 14, 1980.

On March 17, 1981, by Resolution No. 81-139, the City Commission determined the existence of slum or blighted conditions within a portion of the City, which was then the Community Development Block Grant Target Area and designated such area as appropriate for community redevelopment. This area was generally bounded by Copans Road on the north, Powerline Road on the west, Atlantic Boulevard on the south, and the F.E.C. Railroad on the east.

An additional declaration of blight was made by the City Commission on December 13, 1988, by Resolution No. 89-45. This finding expanded the original redevelopment area to include areas annexed to the City subsequent to the original resolution.

Upon the proper delegation of authority from the County and upon a further finding that it is necessary in the public interest for a community redevelopment agency to be formed to function in the City, the City Commission may create a public body corporate and politic to be known as a "Community Redevelopment Agency" and prepare a Community Redevelopment Plan to carry out the Community Redevelopment purposes outlined in Florida Statutes Chapter 163, Part III.

The Community Redevelopment Agency is a separate legal entity which is comprised of a Northwest District and an East District. Each District does not constitute a separate legal entity unto itself. The Northwest District which was created by the City in 1988 (Ordinance No. 89-27) and the East District which was created by the City in 2001 (Resolution No. 2002-12), collectively referred to as the Agency, were charged with preparing a Community Redevelopment Plan that would meet the requirements of the appropriate state statutes to eliminate blight and slum conditions within the redevelopment areas of the Agency pursuant to the redevelopment plans of the Districts for new residential and commercial activity in the redevelopment area.

As the City and the Agency are separate legal entities, the parties also share the mutual goal of redeveloping the Community Redevelopment Agency areas. The City provides administrative support services in the same manner as provided by the City in the conduct of its own affairs or as otherwise provided by the Agency Plans or By-Laws. The Agency is charged by the City for the provision of these administrative support services in accordance with the Interlocal Agreement between the City and Agency.

The Agency has adopted GASB Statement No. 61 , *The Financial Reporting Entity: Omnibus- an amendment of GASB Statements No. 14 and No. 34*, for the purpose of

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

evaluating whether it has any component units. Based on the criteria therein. The Agency has determined that there are no component units that meet criteria for inclusion in the Agency's financial statements.

The Board of Directors of the Agency (the "Board") is governed by five members of the City Commission and the Mayor. Management of the City has operational responsibility for the Agency. The City is considered to be financially accountable for the Agency; the Agency is considered to be a blended component unit in the City's comprehensive annual financial report.

The following is a summary of significant accounting policies of the Agency.

(B) Measurement focus, basis of accounting, and financial statement presentation

The basic financial statements consist of the government-wide financial statements and fund financial statements. The government-wide financial statements report information on all of the activities of the Agency, using the economic resources measurement focus and the accrual basis of accounting.

The statement of net position reports all financial and capital resources of the Agency. The statement of activities represents a comparison between direct expenses and program revenues for each function of the Agency's governmental activities. Program revenues derive directly from a program itself. The Agency reports rental revenue and donations as program revenue. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The Agency reports donated assets held for resale and redevelopment as program revenue-operating contributions. Incremental property taxes and other items, not properly included as program revenue are reported instead as general revenue. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Incremental property taxes are recognized as revenue in the year for which they are levied. When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Their operating statements present sources (revenue and other financing sources) and uses (expenditures and other financing uses) of available spendable resources during the period. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenue to be available if it is collected within 60 days of the end of the current fiscal period. Incremental property taxes, when levied. Rental revenue, proceeds from the sale of property and investment earnings associated with the current fiscal periods are all considered to be measurable and so have been recognized as revenues of the current fiscal period, if available. All other revenue is considered to be measurable and available only when cash is received by the Agency or property has legally transferred to the Agency. Expenditures, other than debt service are generally are recorded when a liability is incurred, as under accrual accounting.

POMPAÑO BEACH COMMUNITY REDEVELOPMENT AGENCY
(A Component Unit of the City of Pompano Beach, Florida)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, reconciliations are necessary to explain the adjustments needed to transform the fund-based financial statements into the governmental activities column of the government-wide presentation.

The Agency reports the Northwest and East Districts as major governmental funds in the accompanying financial statements. The Northwest and East District funds account for the activity of the Agency, which uses tax-increment financing to encourage development in the Northwest and East community redevelopment areas.

(C) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, time and demand deposits and short term investments with original maturity dates within three months of the date acquired by the Agency.

(D) Investments

Investments in participating interest-earning contracts that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. All other investments are reported at fair value or amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

(E) Capital Assets

Capital assets recorded in the government-wide statements are stated at historical cost or estimated historical cost and include buildings, improvements and equipment. Contributed capital assets are recorded at acquisition value when received.

Depreciation on all assets meeting the Agency's capitalization threshold of \$1,000 including those obtained through contributions is charged to operations.

Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets. Estimated useful lives are as follows:

Buildings	15-50 Years
Improvements other than buildings	5-50 Years
Machinery and equipment	3-15 Years

Major outlays for capital assets and improvements are capitalized as projects are constructed. The City records impairment losses on long lived assets used in operations when events or circumstances indicate the assets might be impaired. No impairment losses have been recorded.

POMPANO BEACH COMMUNITY REDEVELOPMENT AGENCY
(A Component Unit of the City of Pompano Beach, Florida)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

In governmental fund financial statements, the cost associated with the acquisition or construction of capital assets are shown as capital outlay expenditures. Capital assets are not shown on the governmental fund balance sheets and no depreciation expense is recognized in the governmental fund statement of revenues, expenditures and changes in fund balances.

(F) Deferred Inflows of Resources

The governmental funds financial statements includes a separate section for deferred inflows of resources. Deferred Inflows of resources represent the acquisition of fund balance that is applicable to a future accounting period and will not be recognized as revenue until the future period to which it applies.

(G) Risk Management

The City's risk management funds charge the Agency insurance premiums. The amount of the annual premium charged to the Agency by the City represents the maximum liability of the Agency for any related losses incurred for the fiscal year ended September 30, 2020. Consequently, the Agency does not retain its own liability on outstanding cases or claims against it beyond the maximum premium paid.

The City, which includes the Agency, is self-insured for automobile liability, general liability, including public official's liability and property damage claims pursuant to Florida Statute Section 768.28 (Waiver of Sovereign Immunity in Tort Actions; Recovery Limits; Limitation on Attorney Fees; Statute of Limitations; Exclusions; Indemnification; Risk Management Programs). Per Florida Statute Section 768.28, the City has sovereign immunity up to \$100,000 per person/\$200,000 per occurrence (\$200,000 and \$300,000, respectively effective October 1, 2011). The City is also self-insured for workers' compensation claims, in accordance with Florida Statute Section 440. Workers' compensation claims are self-insured up to \$500,000 per occurrence and property damage (buildings and contents) up to \$100,000, with property damage claims, related to named hurricane/windstorm, having a 5% of total location value deductible. Excess insurance policies apply above these self-insured levels.

(H) Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts and gain/loss on bond refunding are deferred and amortized over the life of the bonds using the straight line method, which is not materially different than the effective interest method. Bonds payable are reported net of the unamortized amount of the applicable bond premium/discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Payments on debt are recorded as expenditures. Premiums received on debt issuances are reported as other financing

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

sources while discounts on debt issuances are reported as other financing uses. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred in government-wide statements. Prepaid insurance costs are reported as an asset and recognized as an expense over the duration of the related debt.

(I) Unearned/Unavailable Revenue

Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the governmental fund financial statements. These amounts represent rent deposits. In addition, amounts related to governmental fund receivables that are measurable, but not available (not received within 60 days from fiscal year end), are recorded as unavailable (a deferred inflow of resources) in the governmental fund financial statements.

(J) Advances to/from City

Activity between the City and Agency that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "Advances To City" or "Advances From City" as applicable.

(K) Fund Equity/Net Position

In the governmental fund financial statements, fund balance classifications are as follows:

- Restricted Fund Balance - amounts that are restricted to specific purposes when constraints placed on the use of resources are either by (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

- Investment in Capital Assets – consists of capital assets, net of accumulated depreciation.
- Restricted Net Position – amounts that are restricted to specific purposes when constraints placed on the use of resources are either by (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation's.

(L) Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows/outflows and disclosures of

contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from those estimates.

(II) DETAILED NOTES ON ALL FUNDS

(A) Cash and Cash Equivalents and Investments

The following are components of the Agency's cash, cash equivalents and investments at September 30, 2020:

	Unrestricted		Restricted		Total cash, cash equivalents and investments

Public Deposits:

At September 30, 2020, the book balance of the Agency's deposits was \$14,290,013. Deposits whose balance exceeds the limits of federal depository insurance are collateralized pursuant to Florida Statutes, Chapter 280, Florida Security for Public Deposits Act (the Act). Under this Act, financial institutions which are qualified as public depositories place with the State Board of Administration ("SBA"), securities which have a market value equal to 50 percent of the average daily balance for each month of all public deposits in excess of applicable deposit insurance. The Public Deposit Security Trust Funds have a procedure to allocate and recover losses in the event of default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. It is the Agency's practice to ensure that all its public deposits are maintained with a qualified depository and as a result, all Agency depositories at fiscal year end were designated as qualified public depositories in accordance with Florida Statute. Therefore, all deposits are insured or collateralized.

Investment Authorization:

The Agency's investment program is established in accordance with the Agency's investment policy, which was adopted via resolution by the Board, and Florida State Statute Chapter 218.415, Local Government Investment Policies, which establishes investment plan guidelines for local governments in Florida. Authorized investments include Florida Local Government Surplus Trust Fund, United States Government securities, United States Government Agency securities with the full faith and credit of the United States Government, Federal Instrumentalities (Government Sponsored Enterprises), Repurchase Agreements, Commercial Paper, Corporate Notes, Asset Backed Securities, Banker Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Money Market Mutual Funds, Intergovernmental Investment Pools and

Security:

The Agency has a third party custodial arrangement with certain financial institutions to accept securities on a delivery vs. payment basis for direct purchase agreements. Securities purchased in the Agency's name are registered in the name of the Agency by an agent of these entities and are confirmed with safekeeping statements.

Fair Value Measurement

The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

POMPANO BEACH COMMUNITY REDEVELOPMENT AGENCY
(A Component Unit of the City of Pompano Beach, Florida)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

The Intergovernmental Investment Pool invests mainly in US government and agency securities and asset-backed securities. The underlying securities have observable level 1 quoted pricing inputs or observable level 2 significant other observable pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted prices or market-corroborated inputs, the net asset value of the portfolio is not publicly quoted. As such, this is reported as level 2, since the value is based on market-corroborated data. The Agency does not value any of its investments using level 1 or level 3 inputs.

The Agency has the following recurring fair value measurements as of September 30, 2020:

		Fair Value Hierarchy		
		Quotes Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level	Reported Value			
U.S. Treasury Notes	\$ 1,424,355	\$ -	\$ 1,424,355	\$ -
U.S. Sponsored Agencies	7,278,914	-	7,278,914	-
Total investments by fair value level	8,703,269	\$ -	\$ 8,703,269	\$ -
Demand Deposits	13,763,776			
Money Market Mutual Funds (Exempt)	526,237			
Total Government-wide	<u>\$ 22,993,282</u>			

Risk Disclosures:

Interest Rate Risk – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

The Agency employs multiple investment duration and investment management strategies which seek to minimize the Agency's portfolio interest rate risk. The Agency maintains sixty days or more of liquidity in overnight investments and remaining assets are invested in short term securities with maturity and diversification limitations to further minimize changes in market price, as interest rates change.

Credit Risk – This is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. One measure of the perceived credit risk of an issuer is the credit rating. The Agency's investment policy provides strict guidelines and limits investments to highly rated securities with minimum ratings of AAA for money market funds, AA for corporate notes, A-1 for commercial paper and AAA for U.S. Agencies and U.S. Treasuries. To further minimize credit risk the Agency's investment policy also provides asset allocation limits for each security type. Issuer limits are also provided for certain investment types. Corporate notes limits (25%) and commercial paper limits (25%) are established with additional asset allocation limits for the sector (10%) and issuer (2%). Asset backed securities (10%) are established with additional asset allocation limits for the sector (5%) and issuer (2%). There were no individual investments in a single issuer that exceeded 5% of the investments. The following table discloses composite credit ratings by investment type for the Agency as rated by Moody's or Standard & Poor's (Fitch for LGIP) at September 30, 2020:

(B) Receivables and Other Assets, net

Receivables at fiscal year-end for the Agency's governmental individual major funds are as follows:

Governmental	NW CRA
ETA NU Foundation	\$ 90,000
Total governmental note receivable	<u>\$ 90,000</u>
Broward County - Traffic Signal Improvements	<u>90,000</u>
Total due from other governments	<u>\$ 90,000</u>

On May 15, 2018 the Agency provided a \$150,000 economic development loan to the ETA NU Education Foundation. The loan is non-interest bearing as it is provided to carry out the objectives for the Agency.

The loan payments are as follows:

Fiscal Year Ending	Principal	Interest	Total
2021	\$ 20,000	\$ -	\$ 20,000
2022	20,000	-	20,000

Mortgages

The Northwest Community Redevelopment District (the Northwest District) provided qualified individuals with loans/grants to build new homes at the Canal Point (10 year amortization period), Sabal Chase (30 year amortization period), and Ortanique Estates (30 year amortization period) subdivisions which were reported as community redevelopment expenses/expenditures. In addition, the Northwest District also provided similar grants for various infill housing projects during the current fiscal year. The Northwest District has placed a mortgage lien on these new homes with a covenant that the owner must reside at the property for the respective period of time in order to remain eligible for the grant. The Northwest District's reasonable assumption is that the homeowner will reside at the home for the stipulated period. The Northwest District maintains a memorandum record of the outstanding mortgage amounts related to these grants. These amounts are reduced ratably over the 10 year period as it relates to the grants for the Canal Point subdivision and the infill housing projects. Should the

homeowner move, sell or refinance, the Northwest District is paid a prorated amount of the initial grant. After the 10 year period the amounts relating to these mortgages are forgiven. As it relates to the Sabal Chase and Ortanique Estates grants, these amounts are not amortized over the 30 year period. After the 30 year period the amounts relating to these mortgages are forgiven. During fiscal year 2020, no one defaulted on the terms of the grants and consequently, the Northwest District did not receive any repayments related to these grants. At September 30, 2020 the unamortized amount outstanding related to these grants was \$2,077,463. Due to the reasonable assumption made above of expected homeowner residence for the grant period a receivable has not been recorded.

Assets Held for Resale and Redevelopment

The Agency acquires and develops property in economically depressed areas, for the intention of rendering the property suitable for economic development and then reselling it to private sector purchasers meeting certain criteria. Since these properties are acquired with the express intent of resale and development, they are reported at lower of cost/donated value or net realizable value. Assets donated from the City or other related entities are recorded at the carrying value of the donor entity. Donated assets from other sources are recorded at lower of cost/donated value or net realizable value. The cost basis of assets held for resale and development include costs incurred to acquire the asset and prepare the asset for resale and development, such as purchase price, closing fees, surveys, lot clearing, demolition, judgments levied through suits, costs of construction, permits etc. These assets include land, land improvements and buildings. Upon the sale of these assets, a gain or loss is recognized. When the net realizable amount is less than the carrying amount a loss would be recognized. Gains are recorded as a gain from sale of capital assets in the government-wide statements and proceeds from sale of capital assets in the fund financial statements and losses are recorded as economic environment expenses/expenditures.

Assets held for resale and redevelopment activity for the fiscal year ended September 30, 2020 was as follows:

(F) Long-term Obligations

Summarized below is the Agency's debt issued to finance the acquisition of properties for community development and construction of capital facilities, which were outstanding at September 30, 2020.

Governmental Activities Debt:

- On April 23, 2013 the Pompano Beach Community Redevelopment Agency Board authorized the issuance of tax increment revenue bonds – Series 2013A and B (collectively known as the Series 2013 bonds). The Series 2013 bonds were subsequently issued on June 20, 2013. The Series 2013A bonds were issued at a fixed rate of 3.48%, with a final maturity of February 1, 2030, for the purpose of refunding and redeeming the Agency's outstanding tax increment revenue bonds, Series 2010A, which bore an interest rate of 5.13% and had outstanding balance of \$9,055,000. As a result of the refunding the Series 2010A bonds are considered fully refunded and the outstanding balance has been removed from the financial statements. The Series 2013B bonds were issued at a fixed interest rate of 2.83% and a final maturity of February 1, 2030, to finance the cost of community projects in the East District Redevelopment Area and to cover related costs of issuance in the original aggregate principal amount of \$5,000,000.

At September 30, 2020, the Agency had \$9,280,000 outstanding related to this obligation. Principal and interest paid for the current fiscal year and total tax increment revenues were \$1,101,255 and \$3,686,462, respectively. At September 30, 2020, total principal and interest remaining on the bonds is \$10,987,288 payable through February 2030.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

Direct borrowings and direct placements

The Agency's outstanding liabilities from direct borrowings and direct placements related to governmental activities was \$9,280,000 as of September 30, 2020.

The tax increment bonds are secured by a gross lien on tax increment revenues generated within the Agency's East District's Redevelopment Area on parity with the 2013A Bonds. The bond resolution contains events of default provisions such as payment defaults; and breaches of bond covenant, agreements and provisions in the bonds. The occurrence of a material adverse effect and certain bankruptcy events provides the bondholders the authority to pursue action in court to enforce collection, however it is not construed as granting the Bondholder to any lien on any real property of the City.

The Agency has no lines of credit. The annual requirements to pay principal and interest on the bonds at September 30, 2020 are as follows:

Bonds:

	Governmental Activities		
	Direct Borrowings and		
	Direct Placements		
	Governmental Activities		
			Subtotal
	Principal	Interest	East
			District

2026 - 2030	5,045,000	451,095	5,496,095
	<u>\$ 9,280,000</u>	<u>\$1,707,288</u>	<u>\$ 10,987,288</u>

(G) Incremental Property Tax Revenue

The Agency's primary source of revenue is tax-increment funds. This revenue is computed by applying the respective operating tax rates for the City, the County, the Children's Service Council and the North Broward Hospital District, multiplied by the increased value of property located within the boundaries of the redevelopment areas of the Agency in excess of the base property value, minus 5%. The City, the County, the Children's Service Council and the North Broward Hospital District are required to fund this amount annually without regard to tax collections or other obligations.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
(Unaudited)
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

Budgetary Information

The Agency is required to establish a budgetary system and an approved annual budget for the Northwest District Fund and East District Fund. The Agency's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board.

The Agency adopts an annual budget for each District. The budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America, except the budgets for each district includes encumbrances as the equivalent of expenditures. A budgetary comparison schedule is presented for each District. Expenditures may not exceed the budget and are controlled at the fund level.

Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board. The reported budgetary data represents the final approved budget after amendments adopted by the Board.

Adjustments necessary to convert the Northwest District and East District Fund's results of operations and change in fund balances at September 30, 2020 from the accounting principles generally accepted in the United States of America basis of accounting to the budget basis are as follows:

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors and CRA Director
Pompano Beach Community Redevelopment Agency
Pompano Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Pompano Beach Community Redevelopment Agency (the "Agency"), a component unit of the City of Pompano Beach, Florida, as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated June 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE
AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Directors and CRA Director
Pompano Beach Community Redevelopment Agency
Pompano Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the Pompano Beach Community Redevelopment Agency (the “Agency”), a component unit of the City of Pompano Beach, Florida, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 28, 2021.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 28, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report of the Agency.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information is disclosed in Note 1 to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Agency has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Agency did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Agency. It is management's responsibility to monitor the Agency's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. Our assessment was performed as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH FLORIDA STATUTES**

To the Board of Directors and CRA Director
Pompano Beach Community Redevelopment Agency
Pompano Beach, Florida

We have examined the Pompano Beach Community Redevelopment Agency (the "Agency"), a component unit of the City of Pompano Beach, Florida, compliance with Section 218.415, Florida Statutes, Local Government Investment Policies for the fiscal year ended September 30, 2020. We also examined the Agency's compliance with Sections 163.387(6) and 163.387(7), Florida Statutes for fiscal year ended September 30, 2020. Management of the Agency is responsible for the Agency's compliance with the specified requirements. Our responsibility is to express an opinion on the Agency's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Agency complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Agency complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Agency's compliance with the specified requirements.

In our opinion, the Agency complied, in all material respects, with Sections 218.415, 163.387(6), and 163.387(7), Florida Statutes for the fiscal year ended September 30, 2020.

This report is intended solely to describe our testing of compliance in accordance with Sections 218.415, 163.387(6) and 163.387(7) Florida Statutes, and it is not suitable for any other purpose.
