Re: Resolution Request

The City of Pompano Beach has been presented with an opportunity to extend the Point of Distribution (POD) site for COVID-19 vaccinations at the Citi Center. Attached is a copy of the extended agreement with an effective date of August 1, 2021 through September 15, 2021. The only amendment to the agreement is the dates listed above. All other items within the agreement will remain in place. The owner has been very gracious in providing their property for no cost to the city in an effort to assist in combating the COVID-19 pandemic. We have worked with them in a collaborative manner to bring this agreement before the City Commission. We are hopeful that this agreement will be the bridge to a successful vaccination program conducting within Pompano Beach.

I kindly request a Resolution for the City Commission to ratify the agreement signed by the Mayor on behalf of the City of Pompano Beach. This Resolution is requested to be added to the July 27, 2021 City Commission meeting agenda.
