## Suggested Breakdown by Funding Priorities

The recommended distribution shown below should be used as a guidance point based on the quality and significance of the applications received.

Table 1: Recommended City of Pompano Beach Sponsorship Budget and Suggested Breakdown by Funding Priorities 2021-2022	
Funding Priority	Percentages
Community Events	10%
Education	30%
Senior Assistance	20%
Workforce Readiness	40%

Every fiscal year, the City makes recommendations to the City Commission to fund various nonprofit organizations as part of the annual Community Partnership and Sponsorship Program. Prior to entering into an agreement with each organization, the City has determined that these nonprofits provide a service(s) that is beneficial to the residents of the City of Pompano Beach. In addition, the City is currently not in a position to provide such services on its own, thus the City is expending its services provided to the residents. The nonprofit organizations work to achieve the City's goals and objectives and highlight our rich cultural make-up as a community, in particular, those programs or services that fall within our four (4) Funding Priorities: Workforce Readiness, Education, Senior Assistance and Community Events.

Due to the number of requests the City of Pompano Beach receives, these funding priorities are meant to assist organizations in understanding the City's nonprofit focus areas. The proposed project, program, event and/or in-kind donation must focus on one of the four (4) Funding Priorities listed below.

The City of Pompano Beach receives many more requests that it can support. When a request is denied, it does not imply that the applicant's program is not vital. It may mean that the request does not fall within our funding priorities/giving guidelines or that all charitable funds for the year have been allocated.

### Funding Priorities

#### 1. Workforce Readiness

There's a job skills gap. Companies continue to share that they have a plethora of job openings, but do not have qualified people to fill it. Trade organizations state that they don't have enough people seeking employment to fill their vacancies. Other studies suggest we have the workers but they do not have the soft skills needed for the position. To assist with workforce readiness, the City of Pompano Beach looks to partner with organizations that can help its working population on the following:

- Give access to vocational assistance, training/education, technical skills, job search assistance, and referrals for job placement for high school age students in Pompano Beach and/or adult residents
- Train in interpersonal skills to assist in job-seeking
- Connect employers who need skilled workers
- Develop small business and entrepreneurship training for people with lack of access to jobs

#### 2. Education

Education is the great equalizer. As South Florida competes for more headquarters and businesses to relocate to the area, cities must offer great schools to entice the workforce to move to the area. In addition, we must offer educational programming for our adult residents to aid them to succeed and prosper. The City of Pompano Beach looks to partner with organizations that can help with the following:

- Work with local schools on school readiness, low-performing schools' turnaround and the achievement gap

- Offer resources to schools in need and help teachers to be more effective
- Help children in underperforming schools acquire the knowledge, skills and behaviors they need to succeed in school, college or career pathways
- Offer education in financial literacy, budgeting, insurance, and home maintenance to teach residents to manage resources on a limited income.

### **3. Senior Assistance**

We are facing a rapidly aging population in the U.S. and a large sector of the senior population is living on limited income. With few resources at their disposal, finding affordable products and services is crucial. City of Pompano Beach strives to meet the demands of our aging population by supporting nonprofits that:

- Assist senior residents to maintain their independence and improve their quality of life
- Provide transportation, meal assistance, support groups and healthy living programming for senior residents
- Assist senior homeowners that are unable to keep up with necessary home repairs

### **4. Community Events**

Community events allow the City of Pompano Beach to showcase all that it has to offer to our residents, families and visitors. We are looking to partner with nonprofits that make City of Pompano Beach a great place to live, to visit and to do business by emphasizing our community as one. These nonprofits:

- Highlight our rich cultural make-up as a community
- Support the use of our growing downtown and Innovation District as an event venue
- Support events that drive economic development into the Pompano Beach area

## **Ineligible Organizations**

As a standard practice, the City of Pompano Beach does not support and considers ineligible:

- For-profit organizations or those without a nonprofit, tax-exempt status.
  - All awarded organizations must be a Not For Profit Corporation authorized to do business in the State of Florida
- Organizations that discriminate on the basis of race, color, creed, gender, sexual orientation or national origin.
- Organizations or programs designed to influence legislation or elect candidates to public office.
- Faith-based organizations or religious programs whose principle purpose is promulgating a particular religious faith, creed or doctrine.
- Private foundations
- Community or event advertising
- Athletic sponsorships or scholarships
- Student trips or exchange programs
- Telephone solicitations
- Recreational, sporting or athletic associations
- Individuals
