(Fiscal Impact: \$282,032.48)

(Staff Contact: Horacio Danovich/Tammy Good)

Summary Explanation/Background:

The existing civic center no longer meets the needs of the Parks & Recreation staff for programming, and the public to allow use of the facility to its fullest potential. Renovating the interior space, and reconfiguring the interior space is a much needed upgrade and critical to accommodate future programming needs.

The proposed scope of work will include but not be limited to replacing exterior windows and doors, interior flooring, new lower ceiling heights to reduce noise and provide occupant comfort, build-out of new office and storage rooms, new kitchen cabinetry, upgrade bathrooms, and all new interior finishes.

Origin of request for this action: Staff
