Summary Explanation/Background:

To further strengthen Pompano Beach as a “Preferred Place to do Business” and to enhance the City’s reputation as being “business friendly”, Development Services staff has hosted 2 roundtable forums: one in August 2017 and March 2018. The purpose of these forums was to obtain developer and development community input regarding development processes and zoning requirements. With the input obtained, Development Services staff then assessed requirements and processes to identify where additional improvements can or should be made.

The text amendments presented herein include changes that stem from suggestions made at the roundtable forums as well as staff recommendations that remove burdensome processes for more streamlined methods and that help achieve Strategic Planning objectives. Staff also utilized this amendment to prepare other housekeeping type edits in order to clarify the code and/or to reflect existing policies and interpretations, and to create new processes that will further streamline development and public projects. For a detailed summary of the text amendments, please refer to the P&Z reports from April (primary document), May and June of 2019.

These proposed amendments build upon previous initiatives to streamline zoning and landscape codes that were adopted by the City Commission in July of 2018 and April of 2019 with the same purpose of making Pompano Beach a “Preferred Place to do Business.”

Staff has met and coordinated with the CRA and the various departments of the City regarding the proposed amendments. The text amendments were presented to the EDC on April 22nd, 2019 and the Planning and Zoning Board on April 24th, 2019. The P&Z and EDC unanimously recommended approval. Subsequent Text Amendments, presented to the Planning and Zoning Board on May 22, 2019 and June 26, 2019, are combined into this proposed amendment to create one consolidated agenda item.

Included in the backup are the Staff Reports, and Minutes for the Planning and Zoning Board. Board memos recommending approval, as well as City Department communications are also included in the back-up.

On September 10, 2019, the City Commission held the first public hearing and approved first reading of Ordinance 2019-118 to amend the Code of Ordinances. Staff notified the Commission that the City Attorney requested the language of the Ordinance be revised to reflect amendments proposed within the Code of Ordinances rather than limited to the Zoning Code. Staff has also revised the proposal removing one proposed amendment from Exhibit A as described in the attached staff memo dated September 17, 2019.
