(Staff Contact: Jean Dolan/David Recor)

Summary Explanation/Background:

The last full update to the City's Comprehensive Plan was completed in 2010. The 2010 Comprehensive Plan identified mixed use redevelopment of the City's commercial corridors as the primary focus for new growth during the 2010-2030 planning horizon. The approach to growth in the City for the next 20-year planning horizon (2020-2040) is to encourage sustainable redevelopment primarily in the newly created mixed use districts which include the Downtown Transit Oriented Corridor (DPTOC); the East Transit Oriented Corridor (ETOC); the LIVE! Resorts Regional Activity Center (LIVE! RAC); and the John Knox Village Local Activity Center (JKV LAC). A copy of the 2020 Comprehensive Plan policy update is provided as Exhibit "A" to the Adoption Ordinance for City Commission consideration for second reading and final adoption.

To help you in your review, all new policies are highlighted in yellow, all policies from the previously adopted plan that have been revised are highlighted in blue and all policies that were modified to address State review agency comments are highlighted in green. All the other policies are from the previously adopted Comprehensive Plan.
