Summary Explanation/Background:

This is to amend City Ordinance 34.107 which will add and reclassify positions within the "Position Classification Plan" to reflect position changes which were included in the City's budget for FY 2020-2021. Fiscal impacts include cost of salary and benefits and are estimated based on anticipated hiring rates. It should be noted that many of the classification changes are a result of the City's Classification and Compensation Study, conducted by the Human Resources Department, which is a part of the City's Strategic Plan initiative, Quality and Affordable City Services, Objective 5.3: Maintain a high performing City Organizational team. The study showed that these changes are needed due to internal parity within departments, duties and responsibilities.
