Summary:

The following is a summary of information on the subject property. The applicant is requesting Major Building Design approval in order to construct a new 134,048 square-foot multi-bay warehouse building. Additional site improvements include landscaping, parking, and site lighting. The footprint of the proposed buildings is 134,048 square feet on a 445,708 sq. ft. (10.23 acre) site (a lot coverage of 30.1%). This site plan was reviewed by the Development Review Committee on January 20, 2021.

The property is located on the northeast corner of NW 27 Avenue and NW 33 Street.

Pursuant to Section 155.2205, Code of Ordinances, the Architectural Appearance Committee may require such changes in plans and specifications as, in its judgment may be requisite and appropriate to ensure that the exterior appearance of buildings and structures enhances the aesthetic character of the surrounding development by complying with the architectural appearance standards of this Code and approved design guidelines.
