### Summary:

The following is a summary of information on the subject property. The applicant is requesting Major Site Plan approval in order to construct 22 fee simple townhome units with associated parking and landscaping. The footprint of the proposed buildings is 27,357 square feet on a 70,988 square foot (1.63 acre) site, a lot coverage of 38.5%. The site plan was reviewed by the Development Review Committee on July 7, 2021 and re-reviewed on August 18, 2021. The site plan received Major Building Design approval by the Architectural Appearance Committee on October 5, 2021.

The property is located south of W Palm Aire Drive and east of Cypress Grove Drive.

## SITE PLAN REVIEW STANDARDS

An application for a Major Site Plan or Minor Site Plan shall be approved only on a finding that there is competent substantial evidence in the record that the development, as proposed:

1. Is consistent with the land use designation in the comprehensive plan;

*The property has a special land use designation of “Dash Line Area with a Fixed Number of Units (10,631 Units)”. All properties within this land use are permitted to have a maximum combined number of units of 10,631. The property has received the allocation of 22 units as proposed. The Development is consistent with the City of Pompano Beach Comprehensive Plan, and the Future Land Use Element Goals, Objectives and Policies contained therein:*

**Goal 01.00.00** *The attainment of a living environment which provides the maximum physical, economic and social well-being for the City and its residents through the thoughtful and planned use and control of the natural and man-made environments that discourages urban sprawl, is energy efficient and reduces greenhouse gas emissions.*

**Policy 01.07.04** *Through the ongoing updates to the land development regulations consider the development of various housing units types and residential lots including single family, cluster homes, zero lot line, staggered setbacks and zipper lots, coach houses, townhouses, stacked townhouses, courtyard buildings, terraced buildings and sculptured towers.*

**Policy 01.14.01** *The City shall emphasize re-development and infill, which concentrates the growth and*

*intensifies the land uses consistent with the availability of existing urban services and infrastructure in order to conserve natural and manmade resources.*

**Policy 01.14.07** *All site plans will be reviewed for Crime Prevention Through Environmental Design (CPTED) design principles such as lighting, street design, natural surveillance, natural access control, and territorial reinforcement. CPTED infrastructure such as security lighting, security cameras, bollards and other access control methods will be required based on the specific needs of the project.*

2. Complies with the applicable district, use, and intensity and dimensional standards of this Code (Articles 3, 4, and 5);

Article 3: Zoning Districts

*The proposed development complies with the standards for development within the RM-45 (Multiple-Family Residence 45) zoning district.*

Article 4: Use Standards

*The development proposes a residential use that complies with the use-specific standards in Article 4: Use Standards and is consistent with section 155.4202.C. Dwelling, Multifamily.*

Article 5: Development Standards

*See section 3 below.*

3. Complies with the applicable development standards of this Code (Article 5);

*The DRC and project applicant have worked together to present a project that satisfies the requirements of Article 5 for new development requiring Major Site Plan approval, with exception of the conditions listed for approval.*

*The project has received Building Design approval from the Architectural Appearance Committee (AAC).*

*As part of the Major Site Plan and Building Design application, the applicant has developed a separate table that addresses how the project will achieve the required sustainability points. The project has met the required 10 sustainability points for multifamily residential development.*

4. Complies with all other applicable standards in this Code;

*The proposed site plan is in compliance with all other applicable standards of this Code.*

5. Complies with all requirements or conditions of any prior applicable development orders or prior applicable approved plans on record.

*This site is vacant. There is no current site plan of record.*

6. The concurrency review has been completed in accordance with Chapter 154 (Planning) of the Code of Ordinances;

*Based on the calculations below, the proposed project complies with concurrency requirements.*

*Wastewater Treatment Demand      5,500.00 gallons per day \**

*Water Treatment Demand            6,523.00 gallons per day \**

*Raw Water Demand                    7,044.84 gallons per day \**

*Park Acreage Required                0.15*

*School Impacts Broward County School Capacity Availability Determination (SCAD) has been provided and is valid until January 16, 2022.*

*Transportation                    Transit fees paid to the Broward County to meet concurrency*

*Solid Waste Generation 195.80 lbs. per meal (City has a contract with the Waste Management for disposal of all solid waste through 2022)*

*\* The City has adequate capacity to serve the proposed project.*

7. Is designed to provide safe, adequate, paved vehicular access between buildings within the development and streets as identified on the Broward County Trafficways Plan;

*The development is not located on a street identified on the Broward County Trafficways Plan, however, is designed to provide safe, adequate, and paved vehicular access.*

8. Complies with any applicable hazardous material licensing requirements in the Broward County Wellfield Protection Ordinance;

*The property is not located within a wellfield protection area as identified on the Broward County*

*Wellfield Protection Zones map.*

9. Complies with crime prevention security strengthening and CPTED standards for natural surveillance, natural access control, territorial reinforcement, maintenance and activity support;

*As part of the Major Site plan and Building Design application, the applicant has developed a separate CPTED security plan, which addresses the CPTED standards for natural surveillance, natural access control, territorial reinforcement, maintenance and activity support.*

10. Complies with adopted Fire Codes and Standards per City Code Section 95.02  
<<http://library.amlegal.com/nxt/gateway.dll?>

*The proposed site plan was reviewed by a Fire Plans Examiner during DRC and will be required to meet all applicable standards before building permits are approved.*

11. Considers and mitigates any potential adverse impacts on environmentally sensitive lands identified by the City Comprehensive Plan or Broward County Land Use Plan.

*The proposed development is not within an area that will have impact on environmentally sensitive Lands as defined in the Broward County Land Use Plan.*

12. Complies with the approved Transportation Corridor Study, unless in direct conflict with another Zoning code provision.

*The proposed development is not located within an area identified on the approved Transportation Corridor Study.*

## DEPARTMENT RECOMMENDATION

Pursuant to §155.2304.C, Applications Subject to Staff Recommendation, the Development Services Director has compiled the department reports from the Development Review Committee (DRC) meeting which are recorded on file with the Department of Development Services. Should the Board find that the application has provided competent, substantial evidence to satisfy the review standards for Major Site Plan approval, the Development Services Department recommends approval of the Major Site Plan subject to the following comments and conditions:

1. The Civil Engineering plans shall be revised to show the City of Pompano Beach Engineer's standard curb detail (#300-2).
2. A Minor Administrative Adjustment must be approved by the Development Services Director for the reduction of the rear setback from 10 feet to 8 feet.
3. Standard Conditions of Approval and/or Specifications required prior to Building Permit / Zoning Compliance Permit issuance:
  - a. Plans are subject to compliance with all applicable Code requirements, including but not limited to DRC comments issued for this site plan.
  - b. A copy of the CPTED plan approved by the Broward Sheriff's Office must be submitted for Zoning Compliance Permit approval.
  - c. Substantial compliance with the plans, as submitted with this application.
