Summary:

The following is a summary of information on the subject property. The applicant is requesting a revision to the previous Major Building Design approval to construct a new 7,840 square foot restaurant as part of a 3-building development. This development was originally approved by the Architectural Appearance Committee in October 2015 and is currently under construction. The changes that are being submitted for review are for building "C" only. Changes include:

- Increase building height by 8'-2" to accommodate interior design changes and mechanic equipment

requirements. This change is reflected in all elevations.

- Roof parapet wall height increases to screen the mechanical equipment (Additional height already included in the 8'-2" previously mentioned).
- Removal of front balcony. Interior changes made necessary the removal of the balcony. (East Elevation / Front Elevation).
- Height reduction at the tower.
- The size of the rear terrace, overlooking the Intracoastal Waterway, is increased. (West Elevation / Intracoastal).
- Windows and openings on the second floor, facing E. Atlantic Boulevard, are increased. (North Elevation).

The property is located on the southwest corner of East Atlantic Boulevard and South Riverside Drive.

Pursuant to Section 155.2205, Code of Ordinances, the Architectural Appearance Committee may require such changes in plans and specifications as, in its judgment may be requisite and appropriate to ensure that the exterior appearance of buildings and structures enhances the aesthetic character of the surrounding development by complying with the architectural appearance standards of this Code and approved design guidelines.
