(Staff Contact: Kimberly Spill-Cristiano/Andrew Jean-Pierre)

Summary Explanation/Background:

The City desires to enter into a Federally-Funded Subaward and Grant Agreement with the State of Florida, Division of Emergency Management, to receive grant funds and reimbursement for eligible costs and expenses resulting from Hurricane Irma. The attached agreement ensures reimbursement based on a FEMA project worksheet (PW) obligation. Each successive FEMA project worksheet obligation will trigger a modification to Attachment A - Budget and Project List of this agreement. The first award, attached as Exhibit 1, is for \$6,827.19; however, subsequent PWs or revisions will increase the budget of this agreement.

Each project will be monitored, completed and reimbursed independently of the other projects which are made part of the Agreement. As discussed earlier, the total estimated amount once all the project worksheets have been obligated by FEMA is \$5.5 million. Please see the attached memo for additional information.
